

"Curtain Bank - helping families in need stay warm in winter, reduce energy waste and energy costs"

What we do . . .

We take curtains that are no longer needed and resize them for homes that need them.

Why do we do it . . .

Good curtains help homes retain their heat. They can make a huge difference to peoples lives, particularly the poorly, elderly and young.

Do you need curtains?

If you have a community services card then you are eligible to apply for curtains

Do you have curtains to donate?

We always need more curtains! Could you please drop them into us at the address below.

Would you like to help us at the Curtain Bank?

Do you have experience with a sewing machine? Even if you don't, we would love to hear from you and we could show you what to do.
